

With Senior Home Care by Angels you will find peace of mind knowing you or your loved one is cared for with the right care and the right caregiver.

Senior Home Care by Angels is a national, private duty network of home care agencies. We are Canada's Choice in Home Care providing affordable and professional care, servicing seniors and adults. By partnering with Senior Home Care by Angels, elderly adults can continue to live independently in their own homes.

How We Can Help

Caregiving can be stressful, especially for family members caring for their loved ones. Senior Home Care by Angels offers solutions to bring you peace of mind.

Senior Home Care

Most seniors prefer to stay in their own homes. Our services promote dignity and independence, enabling older adults to live in their home with assistance and to maintain daily routines.

Companion Care

We provide specialized companion home care services for seniors throughout Canada, incorporating physical care and social care into the care plans we customize for each of our clients.

Respite Care

Family caregiving is a big commitment, and often takes an emotional and physical toll on the whole family. Respite Care is available for families who need just a few hours or a few days to recharge and return with a fresh perspective.

Transitional Care

If you or a loved one has been recently discharged from a hospital or rehab, we offer Transitional Care—making the return home safer and less stressful.

End-of-Life Care & Specialized Care

We also provide supportive End-of-Life Care and Specialized Care for Alzheimer's, dementia, and other degenerative diseases.

Experienced Angels

We understand that you're searching for a qualified, professional caregiver who will treat you or your loved one with respect and dignity. Senior Home Care by Angels caregivers have a sincere desire to help and the training and skills you need. We run comprehensive background screenings on every caregiver, including province and federal searches, and we offer continuous caregiver training and development.

Caregiver Matching

We take pride in our ability to match the needs of your loved one with the skills and experience of our Senior Home Care by Angels caregivers. Once care begins, we continue to monitor the caregiver's performance through consistent telephone calls and in-home visits to verify satisfaction with the caregiver and the services provided. If for any reason you are unhappy with our recommendation, we will find a caregiver who better suits your needs.

Always Here for You

The families we care for aren't just clients to us, they become family. Senior Home Care by Angels has provided services to many of our families for years because we work hard to establish long lasting relationships with everyone involved.

Like family, Senior Home Care by Angels is always here for you. We are just a phone call away—**available 24 hours a day, seven days a week**. One of our local agency employees is always ready to take your call.

Complimentary Visit

Call us to schedule a free in-home consultation and begin the conversation about home care.
